**LEARNERS & NOVICES:** Inexperienced dirt bike riders are required to have at least one hour's tuition with a Thundercross coach

### NEWBIE COACHING FORMAT:

- **1st hour** (around 10 am): This session covers basic bike operation - starting, stopping, braking and changing gear. You will have plenty of time to practice on the Learners' Track afterwards
- **2nd hour** (after lunch): **RECOMMENDED** this practical session, with the coach(es) riding alongside, will progress to handling techniques such as cornering, tackling hills and standing up whilst riding. This is where you'll make the most progress and come away with a massive grin on your face. Depending on your own confidence and ability, there **may** be a chance to ride an accompanied section of the B Track. Following this lesson, the remainder of the day is yours to practice your new skills and enjoy the tracks. Return hire bikes by 5pm, please
